About iCo Therapeutics

iCo Therapeutics identifies existing development stage assets for use in underserved ocular and infectious diseases. Such assets may exhibit utility in non-ophthalmic conditions outside the Company’s core focus areas and if so the Company will seek to capture further value via partnerships, such as its partnership with Immune Pharmaceuticals (NASDAQ: IMNP), which is in several Phase 2 studies involving iCo-008. iCo shares trade on the TSX Venture Exchange under the symbol “ICO” and on the OTCQB under the symbol “ICOTF”.
